

Science Using Neutrons

An ESS / KTH colloquium
on life, materials and energy science, kicking off
the annual meeting of the Swedish Neutron Scattering Society.

May 26th 15:00 - 19:00 at KTH, room E2

15:00 Neutrons for Green and Safe Energy Materials

Assistant Professor Martin Månsson
Royal Institute of Technology, Sweden

15:35 Hydrogen Dynamics in our Daily Life

Associate Professor Heloisa N. Bordallo
Niels Bohr Institute, University of Copenhagen, Denmark

16:10 Visions for Studies of Biomolecules at ESS

Professor Poul Nissen
Nordic-EMBL Partnership for Molecular Medicine, Aarhus
University, Denmark

17:00 - 19:00 Neutron Mingle

Please join us for light food and drinks, at KTH , Ljusgården
E/LV3.

Welcome!

No registration necessary.
